29th November 2023

Dear Parents,

Parent Online Safety Training – Friday 19th January at 2.00pm

Thank you to those of you who completed the online form recently to say whether you would be interested in taking part in some parent online safety training to equip you with the knowledge to help you keep your children safe online.
We had quite a few responses and the majority of responders preferred to attend a session run in school rather than do this themselves at home online. Therefore, I will be delivering the training, given free to us by Skips Safety Net, on Friday 19th January at 2.00pm in the school hall. The training will be delivered using Skips' online presentation and we will have opportunities to stop the training and discuss its content and how this may relate to your situations at home and for parents to discuss among themselves and concerns or particular issues they may be having.

If you would like to join us for this important training, please complete an online form using the link below to let us know.

It's always best to be prepared

Many parents may be planning to give electronic gadgets to their children this festive period.

Our guide is designed to help parents take a realistic approach to help keep their children safe when using the internet, social media and playing online games.

Scan the QR code to find out more.

Online safety is when young people know who they can tell if they feel upset by something that has happened online.

Parents please contact your school to enquire attending their next e-safety workshop or have any concerns.

Working with Home Office 'PREVENT', The Police and Crime Commissioner and Children's Safeguarding Partnerships to help keep children safe online.
